DIXIE CROW 2012

Our success is a testimony to the dedication of our membership and the strong support of both government and industry participants. Again, we say "Thank you" for your part in the success of all of our previous shows.

In keeping with our theme, "Countering the Threat through EW and ISR Collaboration," we promise a show jam packed with government and industry exhibits of technological interest, exciting technical sessions, informative EW and ISR short courses, and stimulating social activities.

Thank you in advance for your support of this important electronic warfare symposium. The proceeds are used to support our scholarship program as well as other community and charitable organizations.

Our Symposium Committee, Dixie Crow Chapter President, Lisa Frugé, and the Chapter Directors cordially invite you to join us for all the exciting events described below.

Sincerely,
 Chuck DeBoe, Chairman
 Dixie Crow Symposium 37
