

# CHAPTER Meeting Notice

GREATER LOS ANGELES  
ASSOCIATION OF OLD CROWS

Chapter Officers:

Pres. - Vince Battaglia

Vice Pres. - Dave Moore

Membership/Awards - Mario Fernandez

Treasurer - Lyle Carlson

The Greater LA AOC Chapter will be holding a meeting on July 16, 2013. This month's meeting features an outstanding venue of topics and speakers.

**First** – Our AOC International President, Lt Gen. USAF (Ret) Robert Elder will visit with us and provide us his “*view from the top*” on the state of the AOC and future directions.

**Then** – Having participated in the initial phases of the joint USAF/NGC/Contractor effort to define the B-2 Defense Management System (DMS), I will share with you the system engineering/management challenges encountered in the process of defining a responsive and cost effective DMS.

**Next** – The main event of the evening will be an enlightening and informative talk by Lt. Col. (Ret) Roger “Bull” Forsythe, who has over 1700 B-2 flight hours. He will recount his first-hand operational experiences in the cockpit of our nation's Number 1 Long Range Bomber.

**Closing** - NGC B-2 Modernization Program Manager, Ms. Lauren Stevens has offered to provide us a DMS update briefing on the recently contracted Modernization program which maintains the B-2 weapon system at the leading edge.

Looking forward to having you join us for an interesting and entertaining evening. Bring your friends so that we may sign them up to the soon to be 50 year old EW/IO Professional Association.

## Meeting Details

Date – July 16, 2013

The meeting will be held at the Northrop Grumman - Space Park Campus. The Campus is located on the SE corner of Marine Ave. and Aviation (see map attached).
