

**RAF Upper Heyford – did you serve there? Request for help from the UK Chapter.**

I was contacted by a research student in the UK in my capacity of President of the UK Chapter, as follows:

*My name is Kim Lydon and I am undertaking research on Cold War wall art/graffiti at former RAF Upper Heyford as part of my MSc dissertation at the University of York. A colleague (Robyn Pender) passed on your contact details and I hope that you do not mind me making contact. My survey closes at the end of next month (to date, I have had an excellent response from former Upper Heyford USAF personnel via a memorial website). To this end, it would be great if you could include an outline of my research (plus images) and my e-mail contact through the good offices of the AOC.*

*A few images from the Avionics Maintenance Facility at Upper Heyford attached. My understanding is that the 42<sup>nd</sup> Electronic Combat Squadron operated the EF-111A "Raven" at UH from around 1984 until base closure.*

Kim's email address is: [kl1079@york.ac.uk](mailto:kl1079@york.ac.uk)
