

Granite State Roost Enjoys a Sunset Cruise

On July 21st, the Granite State Roost (GSR) enjoyed a sunset cruise on Lake Winnepesaukee aboard the Mt. Washington. Forty-one attendees had the pleasure of dining and dancing the night away; a spectacular sunset set the tone for the evening. Dinner was served buffet style – prime rib, haddock scampi, pasta salad, sweet potato mash, roasted vegetables and a garden salad. Dessert consisted of cookies, chocolate cake, raspberry layered cake and more. Two bands, one on each level of the ship, entertained the guests with a variety of music.

The Granite State Roost continues to expand its EW activities, serving the northern New England region, by reaching out across local industry to foster a deeper understanding and advancements in EW technologies. The Granite State Roost continues to provide opportunities for interaction among its membership by holding social events throughout the year, wrapping up 2018 with a curling event on 16 November and a holiday party on 13 December. For additional information about the Granite State Roost, contact the chapter president, Mr. Duane Beaulieu, at < duane.a.beaulieu@baesystems.com >.
